IVUS

International Conference on Information Technology

CALL FOR PAPERS

28th Conference on Information Society and University Studies (IVUS'2023)

12 May, 2023; Kaunas, Lithuania

Information Technologies 2023 is a joint co-located event that brings together three conferences and is aimed at PhD students as well as at young scientists at the beginning of their career to share ideas, present research results and provide new scientific opportunities. The participation of researchers and practitioners of the field is also encouraged.

SUBMISSION AND REVIEW PROCESS

Manuscripts should be written in English. A manuscript should not exceed more than 5000 words and 12 pages, using the conference template provide on the conference website.

Submissions must be original and should not have been published previously. Submitted papers must conform to the format of proceedings publication. All papers will be peer-reviewed by the International Program Committee, judged with respect to their quality, originality, and relevance to session topics. The reviewing process of submitted papers will be single-blind. The final version of the paper must be prepared and resubmitted considering the remarks of the reviewer.

TOPICS

Authors are invited to submit full papers describing original research work associated with Information and Software Technologies in areas including but not limited to:

- Information Systems and Databases
- Smart Systems and Environments
- Software Engineering
- Information Technology Applications
- Formal and Mathematical methods
- Artificial Intelligence and Knowledge Engineering

PUBLICATION

Authors are invited to submit their papers in English through the conference submission system. Conference pre-proceedings will be published in a conference proceedings book. Papers accepted for the conference will be published online in CEUR WS. Papers will be published only of authors who take part in the conference. For further details, please consult the conference web page.

FEES AND ATTENDANCE

The attendance of conference is free. Local authors will deliver presentations in a traditional form. The remote presenters can present an e-poster and join the conference chat room for discussions, or present their papers using the teleconferencing system (webinar). The official language of the joint conference is English.
